

The image shows a circular green PCB with various electronic components. Key features include:

- Microcontroller:** A central integrated circuit (IC) labeled 'CH15_1SSC B765_V01_02'.
- Memory:** Two white rectangular chips, one labeled 'BA1+' and the other 'SPK+'.
- Microphone:** A small component labeled 'MIC' on the left side.
- Speaker:** A small component labeled 'SPK' on the left side.
- LEDs:** Two small light-emitting diodes, one labeled 'LED1' and the other 'LED2'.
- Connector:** A gold-plated connector on the right side, likely for a USB or similar interface.
- Markings:** The PCB is marked with 'H0620130921' and 'CH15_1SSC B765_V01_02'.
